

**Safety Team Agenda/Minutes**  
**3/24/2021**

**Attendees:** R.Quintana, R.Jaklitsch, R.Caruso, M.Roman, L.Pizzitola, J.Battaglia, SSA Rodriguez

**-Drills/Evacuations-** We have a few rooms with a broken lock and a missing key. Spoke to custodian to sort out that matter.

**-Arrivals/Dismissals-** working well

**-Covid-19 Updates-** Social distancing requirements according to CDC says we can be 3 feet capacity. Its ok for the kids to come back and double our classroom capacity. We are concerned about scheduling, transportation, custodial concerns and the window for fully remote students to opt back in. Waiting for guidance.

Phys Ed wants to know if protocols are the same for their program.

Main concern is that lunch needs to be 6ft apart still and how do we manage that.

**-Additional Comments-** How will the non ELLs be housed during the NYSESLAT while the ELLs take the test?
