Virtual Parent Advisory Board Meeting

TOPIC: GET TO KNOW YOUR FAMILY AND COMMUNITY SUPPORTS

Join us for an insightful gathering that will spotlight community stakeholders dedicated to uplifting the educational success and well-being of our scholars and families. We'll also explore the vital role of parent and community involvement, and share valuable resources to empower and support our collective efforts. This conversation will include leaders from NYC Public Schools, District Family Coordinators, and Queens Community Board 6. Following this panel, we will have the Resource Corner Segment where we invite local organizations to discuss opportunities for all of our families in our borough.
